

Nearly 45,000 American women will die from breast and cervical cancer this year. And the real tragedy is that these deaths could have been prevented. That's why we're providing free mammograms and pap tests to thousands of Utah women over 50. And any necessary treatment may also be free if cancer is detected. Even women with health insurance qualify. Call us to find out if you are one of them.

If you're 50 or older, you most likely qualify for a free breast and cervical cancer screening. To find out, call 1-800-717-1811.
